

OCTOPUS PRESTIGE

Compact and lightweight

- Sturdy and durable
- Superior resistance to abrasion
- Hi-viz yellow cover and hose

A mid-size octopus with a stylish design, strengthened by the ultimate technologies to grant steady, natural and effortless breathing. Easy to use soft purge diaphragm with Mesh-Grid.

REGULATORS TECHNICAL ICONS

VAD - VORTEX ASSISTED DESIGN: All Mares second stages offer the unique patented VAD system. The air bypass tube conveys air to the mouthpiece creating a swirling vortex with a low pressure area in center that keeps the diaphragm down during inhalation, for very sensitive and easy breathing at all depths.

MESH-GRID: The patented mesh design of the second stage cover reduces the pressure of water flowing onto the second stage diaphragm and minimizes free-flow. Even in strong currents it eliminates the need for a knob to 'de-tune' your air delivery system to stop free flowing: Advanced technology through basic physics.

FLUID DYNAMIC DEFLECTOR: This innovative deflector, developed after in-depth study and tests of fluid dynamics, is engineered to receive and properly direct the airflow from the by-pass tube to the mouthpiece. Combined with the VAD it delivers a very natural and effortless breathing.

PROFILE ICONS

FOR DEMANDING DIVERS: Those who dive frequently and in difficult conditions need products featuring superior quality and consistent performance, time and time again. Mares has always focused on new technologies and innovative products that lead to concrete benefits: superior reliability and performance will be appreciated by the most experienced demanding divers.

MAX COMFORT: Comfort is always one of the primary design elements in Mares equipment. Mares through superior technology continues to research, innovate and upgrade your level of comfort before and during your dive. Equipment marked with Max Comfort bring this quality of comfort to the most up-to-date premier pinnacle.

IDEAL FOR TRAVEL This gear line is designed specifically for women in style, cut, and ergonomics making your dives much more comfortable than in years past. Careful consideration to detail in functionality and aesthetic specifically for women make the She Dives collection the ideal choice for your Scuba and snorkeling needs.
